

Accident or Design?

**When we look at the world around us we see many things built and designed by man. We know that these things were not the result of an accident or mere chance. The same is true in God's creation. This morning I would like to explore the question,
*“Accident or Design?”***

A space shuttle mission takes thousands of tasks working in unity in order for a successful mission.

Colonel Guy Gardner, Space Shuttle Astronaut

"Flying above the earth was just an awesome experience. The more we learn about our planet the more we find how truly unique it is. We have studied other planets. The more we see and learn the more we understand how the planet we call home is the most ideally suited for Life."

(Isaiah 45:18, Psalm 145:4-7)

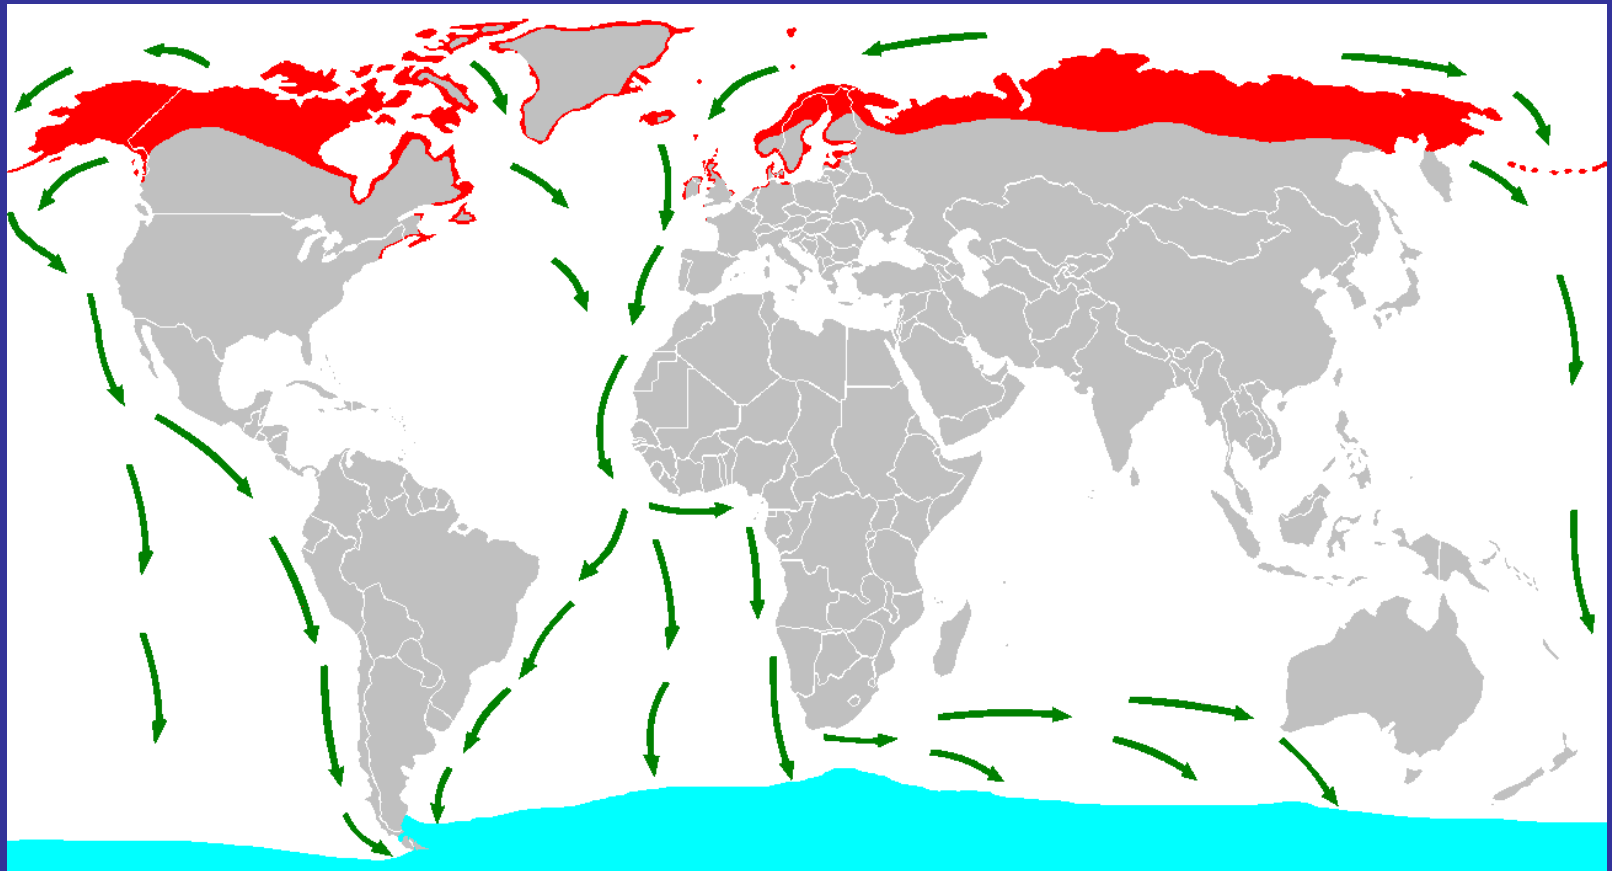

"Much more complex than the shuttle. It is hard to think that the earth, as complex as it is, was the result of mere chance. There must be a Master Creator! It is great comfort to know that I was not the result of chance, but rather that I have someone who made me, cares for me, and who I can go to with my cares and joys."

Now it is your decision!

Hebrews 11:1-3 - ¹Now faith is the substance of things hoped for, the evidence of things not seen. ²For by it the elders obtained a *good* testimony. ³By faith we understand that the worlds were framed by the word of God, so that the things which are seen were not made of things which are visible.

Hebrews 11:6 - ⁶But without faith *it is* impossible to please *Him*, for he who comes to God must believe that He is, and *that* He is a rewarder of those who diligently seek Him.

Do you believe in God or believe that all things are just an accident or mere chance?

To be a follower of Jesus, we must believe that God is the Creator and we must submit to His Will.

Have you?

Why not submit to God by having a faith that moves you to obedience?

Repent and be baptized, so your sins can be washed away! (**Acts 2:38**)
